OUS-Radiumhospitalet*

Title: “Multiparameter FACS analysis of intracellular signalling in immune cells”

From 17.30-21.00

Poster session and company displays with a low-cost bar and snacks.

**It’s a great way to discuss your work with other immunologists and
get to know others!**

The following companies will be represented:

**Nerliens Meszansky, Beckton Dickinson, Bio-Rad, Qiagen, Nordic Biosite, Medprobe,
Stem Cell Technologies, Millipore, AH Diagnostics and VWR.**

Abstract submission by 23rd of April:

We encourage all of you to send in abstracts by the deadline **30th of April** to
elsmar@rr-research.no

Registration by the 23rd of April:

Please sign up by sending an e-mail to: elsmar@rr-research.no if you would like to participate
without submitting an abstract.

We need to know how many people that would like to participate for the organisation, but
there is no registration fee.
