<http://www.uib.no/Broegelmann/>
registration deadline: 15th Jan. 2007

The lectures will cover the state of the art in innate and specific immunity, and the bridging between these two essential arms of the immune system.

Targeted audience: Scandinavian Master and PhD students, post docs. and clinicians wanting an update and are interested in immunology. The workshop is limited to 100 participants.

Organising committee:
Oddmund Bakke, Kate Frøland,
Karl A. Brokstad and Roland Jonsson.
Broegelmann Research Laboratory,
The Gade Institute, University of Bergen.

Fleicher's hotel: T. 47-56520500, hotel@fleischers.no

Organised in collaboration with:

Bergen Research School in Inflammation (BRSI, UiB), and Norwegian Society of Immunology (NSI)
